

ASSESSMENT TASK Notification

Course: Year 9 200hr Agriculture

Task Number:	1	Task Type:	Practical Task and Research Task
Task Weighting:	20%	Due Date:	Term 2, Week 2, Monday 1 May 2023

Related Core Topic: Farm Safety

Syllabus Outcomes:

A student:

- › explains the interactions within and between agricultural enterprises and systems AG5-2
- › investigates and implements responsible production systems for plant and animal enterprises AG5-4
- › applies Work Health and Safety requirements when using, maintaining and storing chemicals, tools and machinery AG5-13
- › demonstrates plant and/or animal management practices safely and in collaboration with others AG5-14

TASK

- Complete a thorough risk assessment for the school agricultural plot.
- The Risk Assessment must include:
 1. A list of 10 hazards on the agricultural plot
 2. Assessment of the associated risks
 3. Current and suggested controls
 4. Research into who regulates this industry in NSW and the associated laws, regulations and codes of practices.
- Research can be completed in pairs but each student is to submit YOUR OWN individual assessment task.
- Each student will be supplied with a blank hard copy of the risk assessment scaffold – this can be used to complete the risk assessment of the agricultural plot
- The final copy (that is submitted) is to be typed and printed out for submission to the teacher OR submitted via the Google Classroom
