Rodenburg****BIG PICTURE  
ADVISORY TEACHER****A LITTLE BIT ABOUT ME**

I have been a teacher for 22 years. I completed my Bachelor Degree in Physical and Health Education at Wollongong University and I have been working at Kingscliff High School since 2016.

I love sport and have represented both NSW and QLD in Oztag. I love travelling but don't do enough of it. I love make-up, reading books and spending time with friends and family. I care deeply about the wellbeing of our young people and I am extremely passionate about improving our education system.

I am a strong advocate for students having a voice and being seen as partners in their learning and I care about the rights of LGBTI+ and Aboriginal and Torres Strait Islander young people.

**FUN FACT**

## BIG PICTURE ADVISORY TEACHER

### A LITTLE BIT ABOUT ME

I was a little lost as a school graduate, I completed a business management diploma then became a plasterer, just because I am tall. I finished that trade as work was getting quiet so went to uni to do a music degree, I had been involved in community youth programs so I added education to the degree and have been in schools ever since. I was born in Murwillumbah and have lived under the familiar silhouette of Wollumbin for my whole life. I am naturally curious and carry a mix of practical skills and a love of creative exploration. Music, home renovations and product design are particular interests. I love riding bikes and spending time outdoors with my family. I have a relaxed and easy going nature which influences my approach to teaching and learning.

### FUN FACT

**I can kick with both feet.**

### SOMETHING I WOULD LOVE TO LEARN

**To pilot a plane.**

### **BIG PICTURE HEAD TEACHER**

#### **A LITTLE BIT ABOUT ME**

I grew up on a farm in Trundle and now I live in Kingscliff with my husband Pat and 2 boys - Jimmy & William.

I started my teaching journey in Mount Druitt many moons ago. I then moved to Parkes where I was Assistant Principal for 5 years.

I have been teaching at Kingscliff for 7 years and have been the Head Teacher of Inclusive Education for the last 6.

I love kids and I love my job - and that is why I am excited that Kingscliff High has become a Big Picture School.

I love the colour pink, going to the gym and walking on the beach with my dog Mirri.

#### **FUN FACT**

**I have a staffy named Mirri who eats everything.**

### BIG PICTURE LEARNING INTERNSHIP COORDINATOR

#### A LITTLE BIT ABOUT ME

I was born in Sydney and moved to the Northern Rivers with my parents and two brothers when I was three. I grew up attending local schools and after leaving high school I studied a Bachelor of Education at Southern Cross University.

I have taught in various capacities across local schools since graduating in 2016. Last year I worked as a Support Coordinator for an NDIS provider which was new and unfamiliar to me. I embraced the challenge and learnt more than I could have ever imagined.

My hobbies include going to the gym, surfing, touch football, OZ-Tag and gaming.

I live locally with my partner and our dog Coco. We are enjoying renovating our home (slowly but surely).

#### FUN FACT

**I have a twin brother.**

### BIG PICTURE

#### ADVISORY TEACHER

#### A LITTLE BIT ABOUT ME

I was born in a small country town in NSW known as Orange but spent most of my childhood in Dapto. At the age of 12, my family and I moved to the Northern Rivers. I attended Banora Point High School and was an avid sports student. I would participate in every possible sporting event/team for the school.

After graduating high school, I studied at Griffith University where I completed a degree in Exercise Science followed by a Diploma of Education.

I started working at Kingscliff High School as an SLSO assisting students. My teaching career started with a brief stint in PDHPE before spending the last 4 years in Inclusive Education.

I live locally with my partner and two young children (Evie and Banjo).

#### FUN FACT

I played in the Titans under 20's NRL team and I only broke my nose twice, ruptured my spleen and bulged a disc in my back
