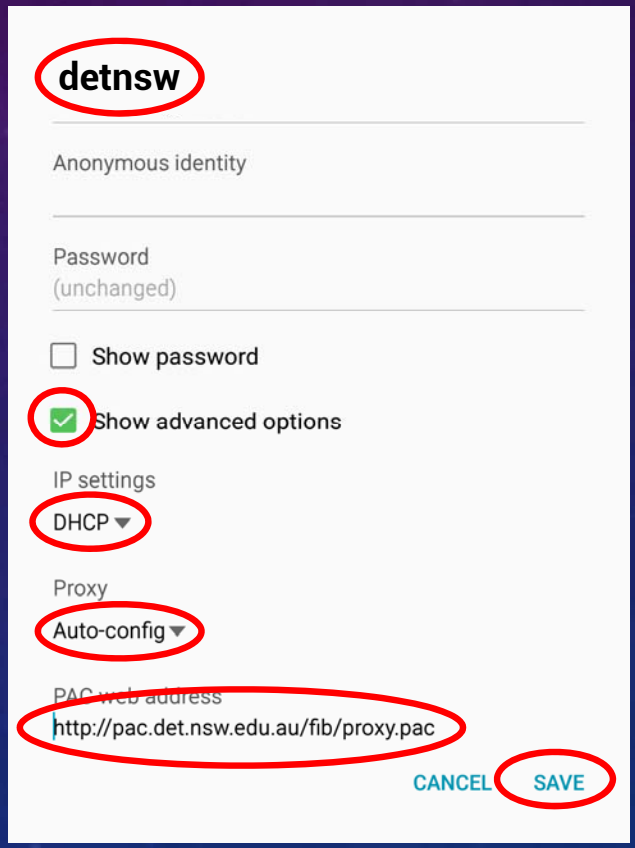
Manage Network Settings



NOTE: If your device does not support auto-config, you can set **Manual** proxy using *proxy.det.nsw.edu.au* on Port *8080*

GENERAL STEPS:

1. Connect to **detnsw** *(forget and recreate if you are having problems connecting)*
2. Authenticate to the WiFi using **first.lastname@detnsw** with your password *(your portal ID)*
3. Configure the proxy settings as described above
4. When prompted to authenticate for Internet access, use **first.lastname@detnsw** with your password

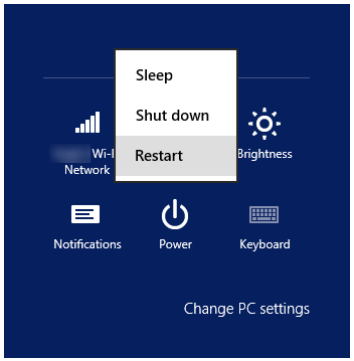
Problem authenticating with your Windows BYOD?

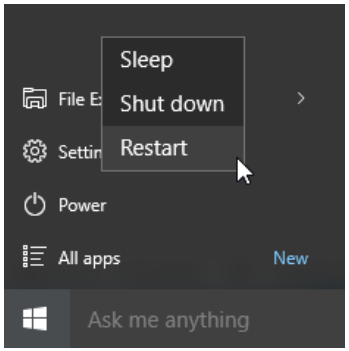
If you are connected to the school's Wi-Fi but aren't asked to authenticate for Internet access, try these steps one at a time and test again. **If it works, stop**. If not, try the next step.

When did you last RESTART?

Windows 8.1



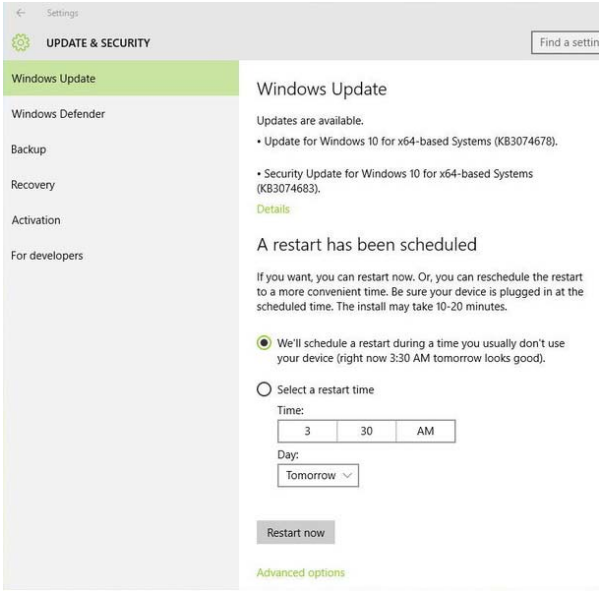
Windows 10



Install all Important and Critical Updates

Settings…Update & Security

Check for updates and install them



It is **essential** that **all of the important updates** for **Windows 8.1** and **Windows 10** be applied. But please take note that access to Windows Update is **blocked in school from 9am to 3pm** so apply them outside these hours or at home.
